

5. PERMITTED USE

a. Authorized Users are permitted online access to the Licensed Material listed in Appendix A, and may download, save, or print text, search results, or other information solely for their private use or research. The Subscriber and its Authorized Users may only use this online access in a way that conforms to all applicable laws and regulations.

b. The Publisher of each online journal listed in Appendix A grants the Subscriber and its Authorized Users permission to use brief quotations from the content of the online journals with the customary acknowledgment of the source, and to copy and transmit content from individual articles in “person-to-person” and non-systematic scholarly exchanges of information between Authorized Users and specific individuals.

c. The Subscriber may supply a copy of an article to a library that is not affiliated with its Sites only under the following conditions:

1. Only a hard copy printed from the electronic files of the Licensed Material may be supplied to another library, by mail, fax, or Ariel. Under no circumstance may a Publisher-prepared electronic article file be transmitted in digital form to any person or to an institution that is not associated with the Subscriber.

2. The Subscriber may not supply an article to another library on a commercial, revenue-generating basis without full payment of the Publisher’s single-article copying fee (“the Publisher’s royalty”) directly to the Publisher or to the Copyright Clearance Center or another Reproductive Rights Organization.

3. No article may be supplied to a corporation or other non-academic institution without full payment of the Publisher’s royalty.

4. The supply of articles to a non-subscribing academic library without payment of the Publisher’s royalty is limited in a one-year period to no more than six (6) articles from any title listed in Appendix A, published within the last five (5) years. The use of articles from the Licensed Material that exceeds these limits must be accompanied by payment of the Publisher’s royalty directly to the Publisher or to the Copyright Clearance Center or another Reproductive Rights Organization.

5. The Subscriber may not remove, obscure or modify copyright notices that are part of an article to be printed and supplied to another library.

6. Only article requests from non-subscribing academic libraries within Poland may be fulfilled, under the conditions indicated above.

d. Faculty at Subscribing institutions may include articles from the Licensed Material in anthologies (coursepacks) in print or digital form for distribution to Authorized Users for their use in connection with classroom instruction or in reserves (print or digital) set up by the libraries for access by Authorized Users in connection with specific courses offered by the Subscriber. Copies of items in digital form which are included in online coursepacks or reserves will be deleted by the Subscriber and its Sites after the end of the semester in which the related course concludes.

e. The Subscriber agrees that use of the Licensed Material by the Sites or Authorized Users other than indicated above is a violation of the terms of this Agreement.

6. PROHIBITIONS ON CERTAIN USE

a. The Subscriber shall not knowingly permit anyone other than Authorized Users to use the Licensed Materials. Altering, recompiling, reselling, publishing or republishing of any journal text, search result, or other information from the Licensed Materials, or any portion thereof, in any form or medium, is prohibited.

b. Systematic or programmatic downloading, printing, transmitting, or copying of the Licensed Materials is prohibited. “Systematic or Programmatic” means downloading, printing, transmitting, or copying activity of which the intent or the effect is to capture, reproduce, or transfer the entire output of a journal volume, a journal issue, or a journal topical section, or sequential or cumulative search results, or collections of abstracts, articles, or tables of contents. Other such systematic or programmatic use of the Licensed Material that interferes with the access of Authorized Users or that may affect the performance of the Publishers online systems, for example, the use of “robots” to index content, or downloading or attempting to download large amounts of material in a short period of time, is prohibited. Redistribution of the Licensed Material, except as permitted in Section 5, without permission of the Publishers and/or payment of a royalty to the Publishers or to the appropriate Reproduction Rights Organization, is prohibited.

c. All rights not expressly granted herein are reserved to the stated Publisher of the Licensed Material. The Subscriber and Authorized Users may not circumvent any Publisher’s access control systems or use these systems or services to make any attempt to gain unauthorized access to any other system or network.

d. The Publishers shall not be required to distribute, and the Subscriber shall not redistribute, the Licensed Material or any article therein to a country to which export is prohibited by U.S. law or regulation.
